INTERNSHIP/PLACEMENT INFORMATION	
Department (in case you want more than 1 trainee, indicate the different departments where they will work)	We are a forward-thinking start-up in the field of digital life science from Graz. We live the start-up spirit in an open-minded and non-hierarchical environment. Our head office is located in an incubator space in the heart of Graz and is easily reachable by public transport, on foot or by bike.
Description of project/activities (in case you want more than 1 trainee, indicate the different projects/activities on which they will work)	<p>We are a young, encouraged team of software developers working on mobile applications which are capable to assist people who are suffering from the bipolar disorder. The bipolar disorder, also called manic depressive disorder, is a mental disease which manifests through phases of depression and mania.</p> <p>Our App, running on a bipolar person's smartphone is ment to autonomously recognize subtle changes in the mood. As a result it provides context aware psycho-social coping strategies in order to handle critical situations and to prevent interpersonal conflicts. Enlightening the forces which are driving episodes of depression and mania we enable bipolar persons to become experts of their very personal mental disease.</p> <p>You will directly contribute to our products working on visual design, user-interface and usability. In the case you also bring along programming skills it would be also possible to do implement tasks for the mobile App.</p>
COMPETENCES, SKILLS and EXPERIENCE REQUIREMENTS	
Requested profile(s) information (Studies, previous experience, language skills, other skills...)	We are looking for a creative talent who supports our team in the fields of web and mobile-app design and contributes creative inputs for marketing campaigns and public relations. We offer an exciting and wide-ranging work where you can contribute a valuable part to our products. Self-initiative and self-reliance as well as the will to push things forward are important values for us.

	<p>Studies:</p> <ul style="list-style-type: none"> - Media Design, Information Technology or equivalent studies. <p>Experience:</p> <ul style="list-style-type: none"> - Creating user engaging designs and graphics - User-interface design for mobile devices - Designing and developing web sites <p>Skills:</p> <ul style="list-style-type: none"> - Graphics and animation design - User interface design for mobile Apps - Knowledge of HTML, CSS and Java Script - Optional: Programming skills for mobile Apps - Thinking outside the box - Sharing the start-up spirit <p>Language:</p> <ul style="list-style-type: none"> - We all speak English - Of course, German is possible as well ;-)
Other commentaries	<p>We also take care outside of office hours and are interested to integrate you in our sparetime activities.</p> <p>We love sports, we love being in the mountains for climbing, hiking or ski-touring. You are invited to join our after-work activities.</p>
