

## **CREDIT EQUIVALENCY AND GRADING SCALE**

By means of this document we inform that 1 UANDES credit is equivalent to 30 hours of work (contact hours + independent work hours). The homologation of credits will depend on the hours of dedication that the international student's home university grants to the credit used in their institution.

The grading scale used in Chile is from 1.0 to 7.0. Being 1.0 the minimum grade and 7.0 the maximum grade. The minimum passing grade is a 4.0.
