

June 25th, Bilbao

## The VI Marine Energy Conference will be held on June 25th with new contents

Post by: JRL-ORE    01/03/2019    Comments off

The **VI Marine Energy Conference** will be held in the Bizkaia Aretoa in Bilbao, next June 25th.

The Conference is organized by Euskampus Fundazioa with University of Basque Country (UPV/EHU), Tecnalia and BCAM. It is one of the two twin events devoted to Offshore Renewable Energies organized in Bilbao and Bordeaux ([HyWec 2: The hydrodynamics of wave energy convertors](#), 18-20 June).

This time, the conference will present a new format with the aim of bringing the activities of the JRL-ORE to other researchers, companies and students, while at the same time, trying to find a common ground between research and industry needs in the field of Offshore Renewable Energy in the Basque Country.

### Program:

9:30	<b>Igor Campillo</b> , Director of Euskampus. Opening session
9:45	<b>Jose Luis Villate</b> , member of JRL-ORE and Offshore Renewable Energy Director at TECNALIA. <i>Experience in real sea projects</i>
10:05	<b>Pablo Eguía</b> , member of JRL-ORE and UPV/EHU. <i>Power electronics and grid connection of Offshore Renewable Energy</i>
10:25	<b>Urko Izquierdo</b> , member of JRL-ORE and UPV/EHU. <i>Numerical and experimental methods for fluid dynamics in offshore renewable energy applications</i>
10:45	<b>Keynote lecture</b> by <b>Antonio Ugarte</b> , CENER Wind Energy Department Director. <i>The R&amp;D of Offshore Wind in Europe</i>
11:30	COFFEE BREAK
12:00	Round table: <i>"R&amp;D challenges of Offshore Wind industry in the Basque Country"</i> . Moderated by <b>Marcos Suarez</b> from Basque Energy Cluster. Participants: <b>Iñaki Zabala</b> (SENER), <b>Naiara Doblas</b> (SIEMENS-GAMESA), <b>Juan Moya</b> (SAITEC), <b>Jasone Altuna</b> (IBERMÁTICA)
13:00	<b>My poster in 180 seconds</b> . Selected posters
13:30	LUNCH with poster session
15:00	Meeting session between <b>students</b> and <b>companies</b>

Dña. EIDER ROBLES SESTAFE, con DNI 20.221.094-T, Directora Científica del Joint Research Laboratory on Offshore Renewable Energy (JRL-ORE) y miembro del comité organizador de la VI Marine Energy Conference,

HACE CONSTAR,

Que el Dr. Urko Izquierdo Ereño con DNI 30.631.922-Q participó como ponente invitado en la VI Marine Energy Conference celebrada en Bilbao el día 25 de junio de 2019, realizando una presentación oral titulada **“Numerical and experimental methods for fluid dynamics in offshore renewable energy applications”**.

Y para que conste a los efectos oportunos, firmo la presente en Bilbao, a 12 de julio de 2019.

Eider Robles Ph.D

Directora Científica del JRL-ORE
