

## Challenges in Chemical Synthesis 2022

*Prof. Rosario Fernández Irakaslea*  
Universidad de Sevilla

*Prof. Juan Manuel Cuerva Irakaslea*  
Universidad de Granada

*Prof. Manuel Alcarazo Irakaslea*  
Georg-August-University Göttingen, Germany

*Prof. Elena Pazos Irakaslea*  
Universidade da Coruña

# Challenges in Chemical Synthesis 2022

Paraninfo, Faculty of Science and Technology. October, 7th

- 9.20 – 9.30h      Opening
- 9.30 – 10.20h    **Prof. Rosario Fernández** (Universidad de Sevilla)  
*Development of New Catalytic Systems. Applications in Asymmetric Catalysis*
- 10.20 – 11.50h    Oral Communications (Jana Sendra, Sara Bertuzzi)
- 11.50 – 12.20h    Coffee Break
- 12.20 – 13.10h    **Prof. Elena Pazos** (Universidade da Coruña)  
*Peptide-Based Tools for Biosensors and Materials Design*
- 13.10 – 13.40h    Oral Communications (Marcos Gómez Redondo, Juan Molina)
- 13.40 – 15.40h    LUNCH
- 15.40 – 16.30h    **Prof. Juan Manuel Cuerva** (Universidad de Granada)  
*New Twists for Spins (an Organic View)*
- 16.30 – 17.00h    Oral Communications (Unai Atxabal, Adrian Plata Ruiz)
- 17.00 – 17.50h    **Prof. Manuel Alcarazo** (Georg-August-University Göttingen, Germany)  
*Synthetic Applications of Cationic Ligands, Sulfonium Salts, and Related Species*
- 17.50 – 18.00h    Closing
