Short description of the company	We are a young start-up team working on the online app for speed reading training that is currently expanding worldwide. Our team consists of methodists from the fields of information studies, web design and web developers. We have been working in this composition on the gradual development of online speed reading course and the appropriate tools. We deal with not only the version for online self-learners, but due to individual customization there is a great use of these tools among teachers and educational institutions.
Other	Besides speed reading online tools we focus on e-learning in general and we have already started prep. works on a new dyslexia app.
