

## **Erasmus placement offer**

### **Short introduction to the Company:**

Supra Vita Language School is an SME in Eger, in the north-east of Hungary. It has been providing a wide range of language and other courses for 14 years, including HSL. We provide classes in various teaching forms: we give company and public lessons, group and face-to-face ones, from toddlers to adult age groups. We specialize in satisfying rare training needs; we feel challenged to work out training curricula suiting target groups and companies with different specific expectations. We focus on up to date methods and non-stop training for our teachers. Our language school focuses on quality teaching, we find the friendly atmosphere in the classrooms and also in our team crucial, we tend to improve our personal and training skills and broaden the variety of our training programs.

Our school is an accredited private institution, with accredited programs.

One of our objectives is to establish international relationships to help foreign culture integrate in language learning in Hungary; another is to take over European initiatives regarding training materials and techniques. We are open to show our culture in exchange for others', to develop training programs, to take part in any language/teaching-related issues.

### **Requested profile of the Erasmus student:**

The candidate is welcome from now (or later) in our language school in Eger, which is a nice baroque city in the north of Hungary. They are required to be computer literate, speak English at C1 level minimum and to be attracted to people, socializing and teaching. Their work will include arranging extra-curricular programs for language learners, taking part in organizing courses and occasionally giving lessons. Their working hours require flexibility but the work load will not be heavy. It is of great advantage to speak other languages, to have studied pedagogy, psychology and methodology and to have experience in language teaching. We consider people at the age of 21 or over to have the responsibility for this job. We appreciate if the candidate has studied in the US or Canada but this is not a criterium.

We intend to help our new colleague with finding accommodation here and guide them to get adapted to Hungary smoothly. Our ex-trainees all keep in touch with us and visit us regularly. We feel we are more to have friends everywhere in Europe

**Duration offered (from – to):** We need trainees continuously; we prefer having two at a time from different cultures.

**Expectations and tasks:**

The trainee's work will include arranging extra-curricular programs for language learners, taking part in organizing courses and occasionally giving lessons. Taking part in the school's everyday life, widening our intercultural aspect, feeling like home are important issues for us. We try to exploit every trainee's individual skills, some can help us decorate the school, some are smart at managing our Facebook page and some has great ideas on new programs. We want somebody who enjoys being a team member.

**Required language(s):** English (C1 level)

**How to apply?**

What we need to receive from the candidate is their CV and letter of application detailing studies, skills, personal characteristics, ambitions and their motivation. Please write to:
