**Vitoria-Gasteiz**

The administrative capital of the Basque Country has over 240,000 inhabitants. Its vast green areas and the low carbon footprint of locals made it possible for Vitoria-Gasteiz to be designated ‘European Green Capital’ in 2012 and to be given the ‘Global Green City Award’ in 2019.

Vitoria-Gasteiz stands on a historical pathway intersection; one of the Saint James’ Way routes crosses the city centre and its almond shaped old district is just gorgeous. You will be able to visit the restoration works at Santa María cathedral, main inspiration for Ken Follett’s ‘A world without end’. If you enjoy Modern Art, Artium museum will surely be your first choice. The local patroness festivities, ‘La Virgen Blanca’, and many other cultural and entertaining events taking place throughout the year will help you enjoy even more living in this pleasant and comfortable city.

The province of Araba boasts a large number of archaeological sites and other remarkable monuments. You will also have many chances of visiting this region while walking in woods and natural parks. Not far from Vitoria-Gasteiz you will find trekking trails, mountain bike routes, water sports options and paragliding clubs.

**How to get there**

- The city airport [called Foronda] is located 9km from Vitoria-Gasteiz city centre. Taxis make the trip to the city for approximately 20-25 euros. Spanish Airport Authority is AENA. RyanAir, AirNostrum, Iberia, Evelop and Nordjet Airlines fly to this airport. Several buses [3-euro fares] depart from the airport to the city centre [30minutes later than RyanAir flights landing time] and from the city centre [Cadena and Eleta street] to the airport [2 hours prior to RyanAir flights departure time].
  

- If you fly to Bilbao-Loiu airport [www.aena-aeropuertos.es]: Buses run every 15 minutes from the airport to Bilbao Intermodal station. Take a bus to Vitoria-Gasteiz and other major destinations from this terminal. Check frequencies and running hours at www.autobuseslaunion.com. Last bus at weekdays is around 10 pm and earlier at weekends!

- Flights from several European capitals arrive in Santander-Seve Ballesteros airport [www.aena-aeropuertos.es]: Buses run daily from this airport to Vitoria-Gasteiz. Check frequencies at www.alsa.es.

- If you are flying to Iruña-Pamplona [60km away from Vitoria-Gasteiz] with Lufthansa or AirNostrum, take the A bus line to the city centre [LINEA A: estaciones y aeropuerto].

**Bilbao**

The biggest city in the Basque Country stretches along the estuary of river Nervión, 11 km inland from the Gulf of Biscay. It is the financial capital of the region and has around 370,000 inhabitants.

The Guggenheim Museum in Bilbao [Frank O. Gehry, 1997] gave rise to a new beginning for a formerly industrial city submerged in the 1980's recession. From the moment this winding titanium structure opened to the general public, the most renowned architects and designers have worked in Bilbao: Sir Norman Foster, Zaha Hadid, Santiago Calatrava, Javier Mariscal... The upturn undergone by the city has led to Bilbao being granted prestigious architecture and city planning awards: the Urbanism Awards 2018, best European city, among others.

People in Bilbao are friendly, optimistic and good tempered; the vibrant cultural life of the city turns, at dusk, into a varied, pepped nightlife. A visit to the local ‘cathedral’, the Athletic Football Club stadium, the ‘7 streets’ section and Bizkaia suspended bridge [a century old Unesco World Heritage site] are a must for every visitor.

**How to get there**

- Bilbao airport [Loiu] is approximately 10 km away from the city [www.aena-aeropuertos.es](http://www.aena-aeropuertos.es). Outside the arrivals lounge, buses run every 15 minutes to the city centre [From the airport: 6:15 to 24:00, and from Bilbao: 5:15 to 22:00]. The line terminates at the local bus station, Bilbao Intermodal station. From here, you can take buses to all major destinations or you can walk or take the metro almost everywhere in the city.

- The central railway station, Abando, is connected to several international railway routes.

3 CAMPUS OF GIPUZKOA
It is composed of 9 Faculties; while the vast majority are located in Donostia/San Sebastián, we have an Engineering section in Eibar [40 km South-East from Donostia/San Sebastián] and another one in Elgoibar [35 km South-East from Donostia/San Sebastián].

Donostia/San Sebastián

Donostia/San Sebastián, the capital of Gipuzkoa, is a city with a population of over 180,000 inhabitants. It stretches around the ‘Concha’ bay and is a popular tourist destination. Donostia/San Sebastián has recently become a well-liked surfing spot and Zurriola beach is always full of waves enthusiasts. The city is just 20 km from the French border [Hendaye is the closest French town], so it is very easy to visit the French Basque Country.

Besides its natural beauty, the city enjoys a busy cultural life [Jazz Festival, International Film Festival...] countless sports activities and traditions. All of this summed up for the city to have been designated ‘European Capital of Culture 2016’. Cuisine is a cornerstone of Basque culture: meals are the key element at every celebration. First class products [vegetables grown by local producers, a significant fishing sector and excellent meat] together with our long-established love for gastronomy, result in eye-catching counters full of tapas [locally known as ‘pintxos’] in every bar around the city and several Michelin starred restaurants.

How to get there

- Donostia/San Sebastián airport [aena-aeropuertos.es]: 20 km from the city. Due to its small size, only a few domestic flights land here. Flying fares are seldom inexpensive. Several buses link the airport to Donostia/San Sebastian city centre [Plaza Gipuzkoa]. Check running hours at http://www.aena.es/en/san-sebastian-airport/public-transport.html and www.ekialdebus.eus

Other nearby airports:

- Bilbao airport [Loiu] is located 10 km from downtown Bilbao. There are also direct buses from Bilbao airport to Donostia/San Sebastian [1h 15 minutes]] Check frequencies at www.pesa.net and www.alsa.com/en

- Several TGV lines [Train à Grande Vitesse] link Paris, Bordeaux, Toulouse... to Hendaye railway station. Once here, walk out the SNCF station; to the right you will find EUSKOTREN station, where trains will take you, every 30 minutes, to Donostia/San Sebastián [this train terminates at Amara district – Plaza Easo]. This is a 40-minute ride. Check departing times at www.euskotren.es.

- Alvia trains link Madrid and Barcelona to Donostia/San Sebastian twice a day in slightly more than 5 hours. Details on discounts and frequencies at www.renfe.es.

1.3.2 Grading system

Final grades are usually obtained after a written test, based on the knowledge and skills acquired by the student during the semester. Some courses, however, include the completion of practical exams, field reports or laboratory work.

The Bologna educational method is based on continuous assessment of the student’s progression. All exercises, reports, compositions and practical work done by the student throughout the semester are of relevance for final grades.

1.3.3 Grading scale

The Spanish grading system is numerical [from 0 to 10] and textual. A minimal score of 5 is required for the student to pass and gain credit.

1.3.4 ECTS Credits

Bachelor’s Degrees in Spain need the completion of 240 ECTS [European Credit Transfer System]. One academic year corresponds to 60 ECTS credits; likewise, 1 ECTS stands for 25 hours of learning activities performed by the student. The ECTS system is used for qualification recognition procedures among different countries within the Bologna High Education System.

2.1.2 Request a Buddy to assist you prior and upon arrival

Our Buddy Programme pairs local volunteer students with international exchange students to provide them with a personal support by a peer. Beyond the practical assistance granted to visitors, this programme’s major benefit is the number of long-lasting friendships that arise from different encounters.

2.1.3 Insurance for international visitors

There are three insurance coverage areas you should learn about so as to doublecheck whether you need to purchase one or more of them:

- TRAVEL INSURANCE

  Compulsory for all international students [Europeans included], with unlimited coverage in:
  - Transport and/or repatriation to home country in case of accident or illness of insured person.
  - Repatriation of the deceased insured.

  Proof of this insurance must be handed in at the Faculty at registration.

  UPV/EHU offers its own insurance policy, IBILI: [www.ehu.eus/es/web/kontratazioa/ibilu-ehu](http://www.ehu.eus/es/web/kontratazioa/ibilu-ehu)
MEDICAL ASSISTANCE INSURANCE

EU VISITORS: The Basque Public Healthcare System usually covers European citizens holding their EUROPEAN HEALTH INSURANCE CARD [EHIC] previously obtained in their home country.

HEALTH COVERAGE AGREEMENTS: Spain has passed Health Care agreements with a number of countries [Andorra, Brazil, Chile, Ecuador, Panama, Paraguay, Peru, Sweden, Morocco...]. We recommend you get further details at the Spanish Embassy or Consulate, to know how to access this coverage.

OTHER NATIONALITIES: If no agreement exists with your home country, you will need to purchase a medical insurance according to the European and Spanish laws IN FORCE, COVERING YOUR WHOLE VISITING PERIOD.

CIVIL LIABILITY INSURANCE

Certain laboratory or internship practices while at the University of the Basque Country may require the acquisition of a Civil Liability insurance. Before purchasing one, we recommend you doublecheck whether your home institution provides their students with a worldwide valid coverage.

For further details concerning any of these insurances, feel free to contact our Help Centres.

RULE OF THUMB: Double-check the coverage of the insurance you purchase and make sure it remains in force throughout your whole visiting period. Upon arrival, we recommend you check which hospitals/health centres you should attend, in case of emergency or medical condition. Attending a Health Centre not covered by your medical insurance may imply the total payment of your visit.

There are many different medical insurances you can purchase. In observance of equity principles, we cannot recommend a particular private medical insurance, but below we suggest a list from which you can choose the most suitable for your needs. Feel free to further investigate offers from other companies:

www.oncampus.es
www.healthplanspain.com — by Sanitas insurance company
www.mapfre.es — see section ‘Seguros para estudiantes extranjeros’
www.generali.es

2.1.4. Visa procedures

Non EU nationals need to obtain their entry visa for Spain.

Check the location of your closest Spanish Consulate or Embassy here: www.exteriores.gob.es/Portal/es/ServiciosAlCiudadano/Paginas/EmbajadasConsulados.aspx

Documents required by the Spanish authorities to enter the country [slight variations might apply among different countries of origin]. Check the list of required documents at your nearest consulate:

- Passport with a minimum validity of 6 months.
- Filled-in application form, biometric picture in white background glued to it.
- Original passport and copies of all pages containing entry stamps in other countries.
- For stays longer than 180 days: medical certificate + translation into Spanish or English + apostil of the Hague.
- For stays longer than 180 days: criminal record + translation into Spanish or English + apostil of the Hague.
- Proof of registration or pre-registration at the university [acceptance letter is also valid].
- Certification of previous studies.
- Address in Spain [if a temporary booking at a hotel is not sufficient, we can provide an accommodation letter].
- Certificate of financial situation [scholarship information, family support, other ways you will financially support yourself throughout your stay].
- Medical insurance in force during your entire stay in Spain.

RULE OF THUMB: Visa procedures can take up to 60 days, so it is crucial for you to plan ahead your trip in order to be able to travel on time for your course/project.

2.1.5 Accommodation options

- RESIDENCE HALLS

Student residence halls in the Basque Country have excellent facilities, that’s why they are not the cheapest option available and usually prefer full-year students to one-semester visitors.

Application, registration and payment need to be done directly with the relevant residence in all cases, although we can help you choose the establishment better adapted to your profile [see Help Centre contact details below this section].

IMPORTANT ADVICE ABOUT RESIDENCE HALLS BELONGING TO THE UNIVERSITY OF THE BASQUE COUNTRY

• Application opens in April for the next academic year: a €200 payment is required at this stage www.resa.es

• Unless you receive an official acceptance letter before that date, the list of admitted applicants is published on the residence website in July.

• Applicants not selected will be reimbursed for their €200 in September.

• Selected applicants need to pay the deposit [€310-€620 in Vitoria-Gasteiz; €365-€730 in Donostia/San Sebastian; €400-€800 in Bilbao]. Please check their refund policy: a personal decision to leave the residence does not lead to a refund.

• Upon first contact, please inform the residence that you are a student from the University of the Basque Country.

There are many other private residence halls in the cities. We can offer you more detailed information and tailored assistance through our Help Centre email. www.ehu.eus/en/web/nazioarteko-harremanak/en-halls-of-residence
RECOMMENDATIONS FOR A BRILLIANT HOMESTAY

• Be open and communicate.
• Bring a gift.
• Attend the family meals.
• Respect the schedule.
• Accept the differences.
• Participate in activities.
• Benefit from daily conversations.
• Get to know your host family.
• Remember that it’s all temporary.
• Be fair and honest when problems arise.

HOST FAMILY PROGRAMME

For a deeper cultural and language immersion as well as a cosier, warmer environment, you can apply for our Host Family Programme.

• Apply on our website: www.ehu.eus/en/web/nazioarteko-harremanak/en-host-family-programme
• We will contact you with the family information you need to make your choice.
• When you have decided on the most suitable family, contact them to meet on your arrival date.

Host families usually include meals in their monthly fee: this is not necessarily the cheapest option, we recommend it for students willing to live in a warmer environment seeking a deep cultural and linguistic immersion.
RENTED AND SHARED FLATS IN THE CITY

Most international visitors at the University of the Basque Country prefer this type of accommodation.

The Accommodation service at the University of the Basque Country [OSTATU] incorporates a detailed flat and room database. You can access this information even before travelling by registering at:

www.ehu.eus/ostatu/pisos/index.html

The system will ask you to upload a document stating your acceptance at the university; you will be granted a temporary username and password.

Our OSTATU database is available to local and international students; hence, we recommend you browse it as early as possible, otherwise the offer might be limited to what was discarded by other members of the university-community.

Owners who advertise their available rooms or flats on OSTATU might not be fluent in foreign languages. Please try to get your basics in Spanish/Basque to avoid communication difficulties.

If you arrive without a permanent accommodation, make sure you have a place to stay during your first 3-4 nights and visit our Help Centre so that we can assist you.

PLEASE NOTE: The Basque Country is an increasingly popular tourist destination, so flat offer for students, particularly in Donostia/San Sebastián and Bilbao, is decreasing. Bear in mind that during the peak tourist season July-August-September, it may be difficult and expensive to find a place to stay. After late September it gest somewhat easier to find flats to let.

Upon arrival, visit our Help Centre so that we hand you a printed version of the available offer, help you arrange your visits to the flats and further assist you in your accommodation search.

RULE OF THUMB: It is important for you to have a temporary place to stay, just for your first nights in the Basque Country. Even though it might feel unsettling to arrive without a permanent accommodation, do not worry too much: our visitors find a suitable place to stay in approximately 4-5 days.

RULE OF THUMB: We advise our visitors to be prepared for important expenses during the first 2 weeks upon arrival [transportation cards; temporary accommodation; redtape; accommodation deposit...]. Average cost of living in the Basque Country: 700-900 € / month.

- RECOMMENDATIONS FOR STUDENTS
  RENTING A ROOM OR FLAT
  • Mistrust social media profiles where you need to contact several people.
  • Never pay a high deposit before seeing the flat or room.
  • Never pay for your first month until you visit the place and sign the contract.
  • Always sign a contract.
  • Make sure you understand the terms of the contract [your buddy and our Help Centre staff can help you with language difficulties].
  • Report any damage or fixing needed in the flat immediately upon arrival.
  • Be flexible on your requirements: this is only a temporary accommodation.

### 2.5.2. Help centres [for practical issues] [see page 39]
The autonomous community of the Basque Country, Euskadi, is one of the 17 regions composing Spain. It is a small territory, similar in size to Rhode Island state in the USA, the metropolitan area around Lille in France or the Rhein-Ruhr territory in Germany. Its alpine relief is combined with 246 kilometres of coastline alternating spectacular cliffs and fine sandy beaches.

The Basque Country has preserved its age-old culture, language and character throughout history. The main features of Basques [slightly more than 2 million citizens] are their powerful looks, energetic personality and love for their family, their land and their traditions.

The Basque Country is divided into three historical territories or provinces in Spain: Araba, Biscay and Gipuzkoa. The administrative capital of the Basque Country is Vitoria-Gasteiz, although Bilbao is the largest city in the region. Donostia/San Sebastián is the most popular tourist destination.
3.1. Money matters

As you probably know, the Euro is the currency used in the Basque Country. Life standard in our cities [Bilbao, Vitoria-Gasteiz, Donostia/San Sebastián] is similar to that of certain European capitals: Barcelona, Rome… Monthly expenses can vary between 700 and 800€, depending on the type of accommodation you choose.

Average monthly expenses:

- Accommodation 350-500 euros
- Food 250-300 euros
- Public transport 35 euros
- Other expenses 100 euros
- Total monthly allowance 700-900 euros

3.2. Food

Food is a milestone of Basque culture. In our region, besides being a popular conversation topic, food is always at the core of any social event and celebration. Breakfast and dinner are usually light meals, whereas lunch is usually a three course meal. Fish is a basic ingredient of Basque cuisine, for locals have always been expert fishermen and successful sea explorers.

The usual eating times are:

- Breakfast from 8 to 10; lunch from 13:30 to 15:30 and dinner from 21 to 22.

In our university, you will find restaurants and snack bars in all three campuses where you will be able to purchase good quality food at unbeatable prices.
3.3. Emergencies

The general emergencies number in the Basque Country is 112

Other services available at the University of the Basque Country:

• Dental Care Centre [www.ehu.eus/es/web/clinica.odontologica/home] at the Campus of Biscay
• Psychological support unit [sap@ehu.eus], in our three campuses.

They are both open to the public throughout the academic year.
3.4. Languages
There are two official languages in the Basque Country: Basque and Spanish. Everyone knows Spanish, whereas Basque is a minority language; it is largely spread around Gipuzkoa, although you can also hear it often in Bizkaia. Across Araba, the Basque language is spoken to a smaller extent. All roads, airports and administrative signs are written in both languages throughout the Basque Country.

3.5. Spiritual life and Religion
Spain is a traditionally catholic country; however, our 1978 Constitution Act guarantees everyone’s freedom of faith. Temples and praying rooms of different traditions can be found in the largest cities of the country.

3.6. Climate
The usual weather in the Basque coastline, from Bilbao to Donostia/San Sebastián, is mild and humid. The average temperature varies from +10°C in the winter to an approximate +22°C in summertime. Vitoria-Gasteiz, on the other hand, is located in an inland, continental weather zone. Temperatures are more extreme [3ºC to -5ºC in the winter and around +25ºC in the summer months] and it doesn’t rain so often.

3.7. Business hours
- Traditional and small shops and offices are usually open from 10:00 to 13:30. After the lunch break, they work from 17:00 to 20:00.
- Malls don’t shut at lunchtime and remain open from 10 am to 9 pm.
- Public administration offices and banks are usually open to the public only in the morning, from 9:00 to 13:00 or 14:00 from Monday to Friday.
- Virtually all shops close on Sundays and bank holidays.
- Museums and restaurants traditionally rest on Sundays.
If you are in Donostia/San Sebastián, bring [or get] a bike!!!!! It is the best way to move around the city and bikes are allowed in commuter trains. It’s a great way to travel in the region!!

Don’t forget to bring an umbrella, it rains a lot over here!

The Tourist Offices in the towns of the Basque Country are awesome! They have loads of maps, information and suggestions to discover the region.

During your first week, you spend quite a lot of money; My fellowship allowance didn’t turn up until a few days after I arrived and in the meantime I had to pay for a temporary accommodation, get my transport monthly tickets, give out a deposit in the flat I decided to stay... It is important to come with money; once your fellowship is discharged, everything goes smoothly.
OUR NUMBER ONE ADVICE!

Taking part in Exchange University programmes is a unique experience; you will meet people from around the world and will make a lot of new friends. But remember, travelling to a foreign country involves certain difficulties, especially at the beginning.

Do your best to arrive in the Basque Country with a few notions of the Spanish language: you will have to communicate with locals from the first day and you will probably study [at least partially] in Spanish: learning in a new environment and in a foreign language is rather demanding. Keep reasonable expectations, especially regarding accommodation; nothing will be exactly like at home, for the purpose of travelling abroad is to know different cultures and learn contrasting lifestyles. Be flexible: as soon as you get used to the local pace and culture, your stay will be a memorable experience.

See you soon!

- Be patient when looking for a flat. There are nice places at affordable prices, you just need to be consistent when searching. Start early, if you arrive when lessons have already started, there won’t be much to choose from.

- In Canada, where I’m from, there are more students clubs; you socialize in a different way in Vitoria-Gasteiz. This is more slow paced than my country.

- Learn some Spanish before travelling here, the first weeks are hard if you can’t communicate with anyone.

- The Help Centre staff was very helpful when I was looking for a place to stay; they also gave out valuable information. I recommend all visitor students to visit the Help Centre, everyone there was friendly and helpful.
