AEMS

AEMS aims at offering solutions and provides the opportunity to link theoretical approaches with subject-specific content from different scientific disciplines and work experience:

- **The variety** of alternative economic and monetary systems that are already in practice worldwide.
- **Ecologic** sustainability, population growth and the long-term management of natural resources and energy.
- **Business** ethics, consumerism, solidarity and the common good: The need for a new philosophy.

ORGANIZERS

Economy for the Common Good offers an answer to current ecological, social and economic problems. As of 2014, more than 1,400 companies have committed themselves to the initiative.

The OeAD-Housing Office accommodates over 2,500 students in energy-efficient dormitories and is the winner of the 2013 Austrian Climate Protection Award.
