Our purpose is to be an accelerator and facilitator of that process in our own Amsterdam Sloterdijk area.</p> <p>Tuin van Bret takes the form of a small village made out of reused sea containers. Our office is located in the PITlab, just in the middle of the village. We are proud of our singular office and environment. We believe that real sustainability is a result of collective development, which translates into clear shapes and beautiful spaces. We achieve this through a strong hands-on strategy that begins with a simple first step.</p> <p><a href="https://doorarchitecten.nl/over-ons/">https://doorarchitecten.nl/over-ons/</a></p>
