

BUSINESS IN THE COMMUNITY (REINO UNIDO)

Business in the Community (BITC) is a business-led charity with a growing membership of 850 companies and a further 10,000 engaged through our campaigns, from large multinational household names to small local businesses and public sector organisations. We advise, support and challenge our members to create a sustainable future for people and planet and to improve business performance. We work closely with our members to define what responsibility looks like in the workplace, marketplace environment and community. Members of BITC are part of a powerful and influential network of businesses committed to taking action on the major issues facing business and society today.

We are The Prince's Responsible Business Network. Our members work together to tackle a wide range of issues that are essential to building a fairer society and a more sustainable future.
