

USING ICTS & AI TOOLS IN YOUR ENGLISH MEDIUM CLASSES (C1 LEVEL)

This course is designed for university teachers who are teaching their subject in English and wish to develop skills to effectively use digital and AI tools in their English-medium classes.

Participants should have a C1 level of English and be accredited to teach their subject in English.

Course Objectives:

Using the context of English-medium university teaching and related activities, participants will be supported in developing digital resources in English (e.g. quizzes, interactive activities, forum discussions, screencasts, etc.) and practising teaching online in English in various ways (one-to-many lecture delivery, interactive online workshops & seminars, hybrid lecturing, etc.)

Learning opportunities

- develop digital resources in English (e.g. quizzes, interactive activities, forum discussions, screencasts, etc.)
- use AI tools & generating materials
 - o for student engagement and interaction
 - o for monitoring, assessment and feedback
- explore online teaching (one-to-many lecture delivery, interactive online workshops & seminars, hybrid lecturing, etc.)
- facilitate digital collaboration & projects, etc.

Course assessment:

To have successfully completed the course, participants will be required to:

- attend the course for at least 80% of the 15 hours in class.
- complete the set tasks.
- participate actively in class.

Course duration:

The course consists of 6 x 2.5 hour, weekly sessions on Wednesdays. (15 hours)
It will be offered online.

Dates: 22.01.2025 - 26.02.25

Timetable: 16.30 - 19.00
