INTERNSHIP/PLACEMENT INFORMATION	
Department (in case you want more than 1 trainee, indicate the different departments where they will work)	Architecture-Research-Urban-Interior (depending on the work we have)
Description of project/activities (in case you want more than 1 trainee, indicate the different projects/activities on which they will work)	The activities vary in our office, since we prefer to have a flexible broad team that can shift easily if needed. So it can be that this person works in all fields during the internship (designing, drawing, 3D-modeling/presentations, research, urban plans, technical drawings etc.) We do strive to not shift fields or tasks every day/week to enable people to really understand the project-situation.
COMPETENCES, SKILLS and EXPERIENCE REQUIREMENTS	
Requested profile(s) information (Studies, previous experience, language skills, other skills...)	Character: We search a ventures/curious person who is willing to learn; a flexible teamplayer, motivated to give an innovative input Previous experience: A (diploma of a) study that is related to our workfiled Language skills Reasonable knowledge of english Computerskills (minimum) AutoCAD, Photoshop/Adobe CC series, Sketchup(Vray) (optional but preferred) Archicad, Rhino (Vray)
Other commentaries	

INFORMATION ABOUT THE COMPANY/INSTITUTION

<p align="center">LOGO</p>	
<p align="center">WEBSITE</p>	<p>www.noahh.nl</p>
<p>INFORMATION ABOUT THE CITY AND THE AREA WHERE THE COMPANY/ISTITUTION IS LOCATED</p> <p>(General information about SECURITY, ACCOMODATION, PUBLIC TRANSPORT...)</p>	<p>Amsterdam is the capital of the Netherlands. It is a vibrant city with many inhabitants from all over the world. Despite its size, it doesn't feel huge and one can really feel at home fast. The city is really open and if you want and feel like it; making new friends is very well possible. As in every big city, less good things happen in Amsterdam, but generally it is a very safe city with many parks and we even have the Amsterdam Forest. We have many festivals. They say it rains a lot in Holland and despite that of course we have our rainy days or periods; in general we have many rainless and even sunny days. Summer can be even hot by times.</p> <p>The public transport is very good; Bus, tram, metro and train take you everywhere if needed and since Holland is not so big- you can easily plan daytrips to other cities. Next to that; Amsterdam is the city of bikes, so if you practice a bit; you can save some money because the public transport isn't the cheapest.</p> <p>If you want a room/house under 600 euro per month; the best thing is to arrange a flat when you arrive (this was explained by our foreign employees) and stay a little while in hotels/hostels or air bnb-places. Searching something from abroad is not so easy.</p> <p>Our office is situated in the West part of Amsterdam in the neighborhood called 'The Baarsjes' and it takes around 10 minutes to really get into the citycentre from there. There is supermarket close to our office, a bakery, 2-3 coffee places, a bar/restaurant and several tram/busstops are closeby. Special is that we are situated on the fifth floor of a former municipaly office building, so we have an almost 360 degrees view over the skyline of Amsterdam and thus a very bright and light office.</p>
<p>GENERAL INFORMATION ABOUT THE COMPANY/INSTITUTION</p>	<p>NOAHH = Network Oriented Architecture.</p> <p>NOAHH is an all-round international operating architectural office and was founded by Patrick Fransen in 2014. NOAHH is like AHH a continuation of the former office of Architectuurstudio Herman Hertzberger in which Patrick Fransen is partner since 2007. NOAHH is a leading Dutch expert in theatres, performing arts and music centres. Our networking attitude creates successful frequent collaborations with local experts and partners.</p> <p>Patrick Fransen</p> <p>Patrick Fransen (1967; graduated with honours in TU Eindhoven) has a wide experience managing and guiding large teams of architects and experts working together closely. This experience resulted in a more networking-oriented attitude and the need for an in-depth research into this way of working. By creating NOAHH, he was able to explore this way of working more thoroughly. Surrounded by a young international team of designers and technical experts, NOAHH can serve clients in several fields and countries in Europe.</p> <p>Strengths/ Experience/ Specialisation</p> <p>NOAHH is specialized in complex projects, such as cultural and leisure buildings, spatial organisation and multifunctional accommodations of different sizes. The International Education and Culture Cluster (OCC) in The Hague and the Music Centre TivoliVredenburg in Utrecht are recent examples of its designing ability. TivoliVredenburg won the Rietveld Award 2015 and was also nominated for the Mies Award 2015. We believe in the social aspects of the architecture and urbanism. The projects are always the result of an intensive, service-oriented interaction with our clients, our partners, the budget and the project context.</p>

	<p>We have a flexible circle of independent employees (15-20)</p>
<p>MAIN ACTIVITY OF THE COMPANY/INSTITUTION</p>	<p>Architecture, but we also do urban and interior design. We work on projects from first sketch to the physical opening of the building.</p>
<p>A BRIEF EXPLANATION OF MAIN PROJECTS</p>	<p>Our portfolio and interest is mainly focused on cultural and education buildings in various scales from 100 to 50000 m2. Next to that we are also experienced in commercial-, utility- and housing projects. The most important thing is that we can work on the social aspect of a building or urban plan.</p>
<p>PREVIOUS COLLABORATION IN INTERNSHIP/TRAINING PROGRAMMES?</p>	<p>Yes (Eure-S, Erasmus) and next to that we had many interns through our network, directly from universities or because of direct applications, working at our office during the past years and also before at Architectuurstudio Herman Hertzberger (AHH)</p>
