Abstract

The abstract should have no more than five lines.

Keywords: At most three.

AMS: AMS classification. (Optional)

1. Introduction

Contributed papers must be written in English and they do have to not exceed 4 pages. The tables and figures must be attached in any graphic format, as well as inserted in the text. We recommend the use of most usual formats.

The contents will be the sole responsibility of the authors.

2. Deadline

The deadline to send the contributions is May 5th.

3. Templates

Please, use the available templates for either WORD or LaTeX work format and send it in one them.

LaTeX: Avoid the introduction of new definitions as well as the use of additional packages. If it is really necessary, please, mark it clearly. The conference organization has a style file to be used always in the head.

Microsoft Word: Only the defined styles in the Word template must be used.

4. Tables and figures

We recommend the use of formats of the following table 1 and figure 1.

5. Acknowledgments

Optionally.

6. Bibliography
