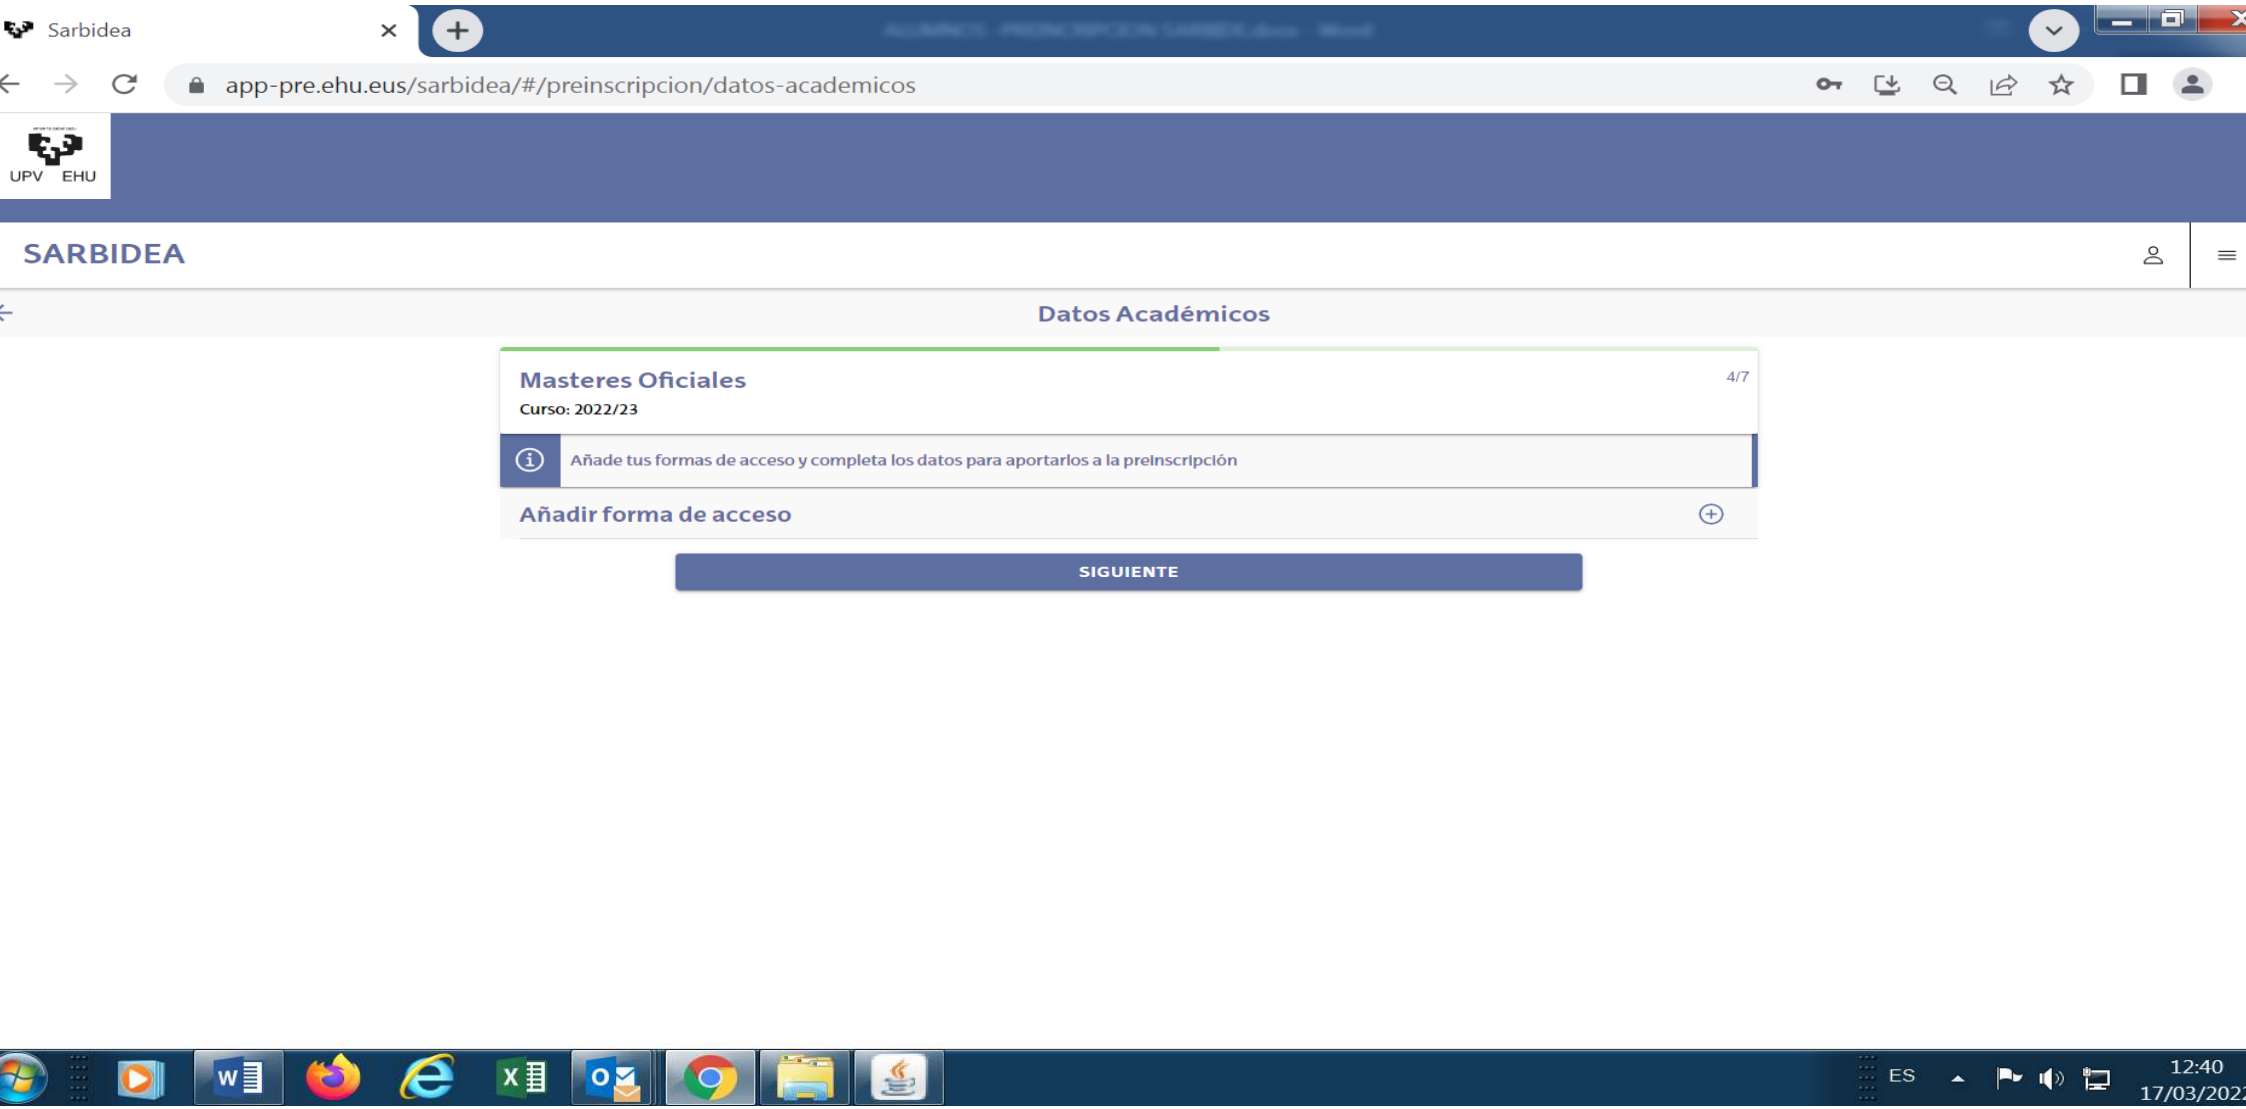
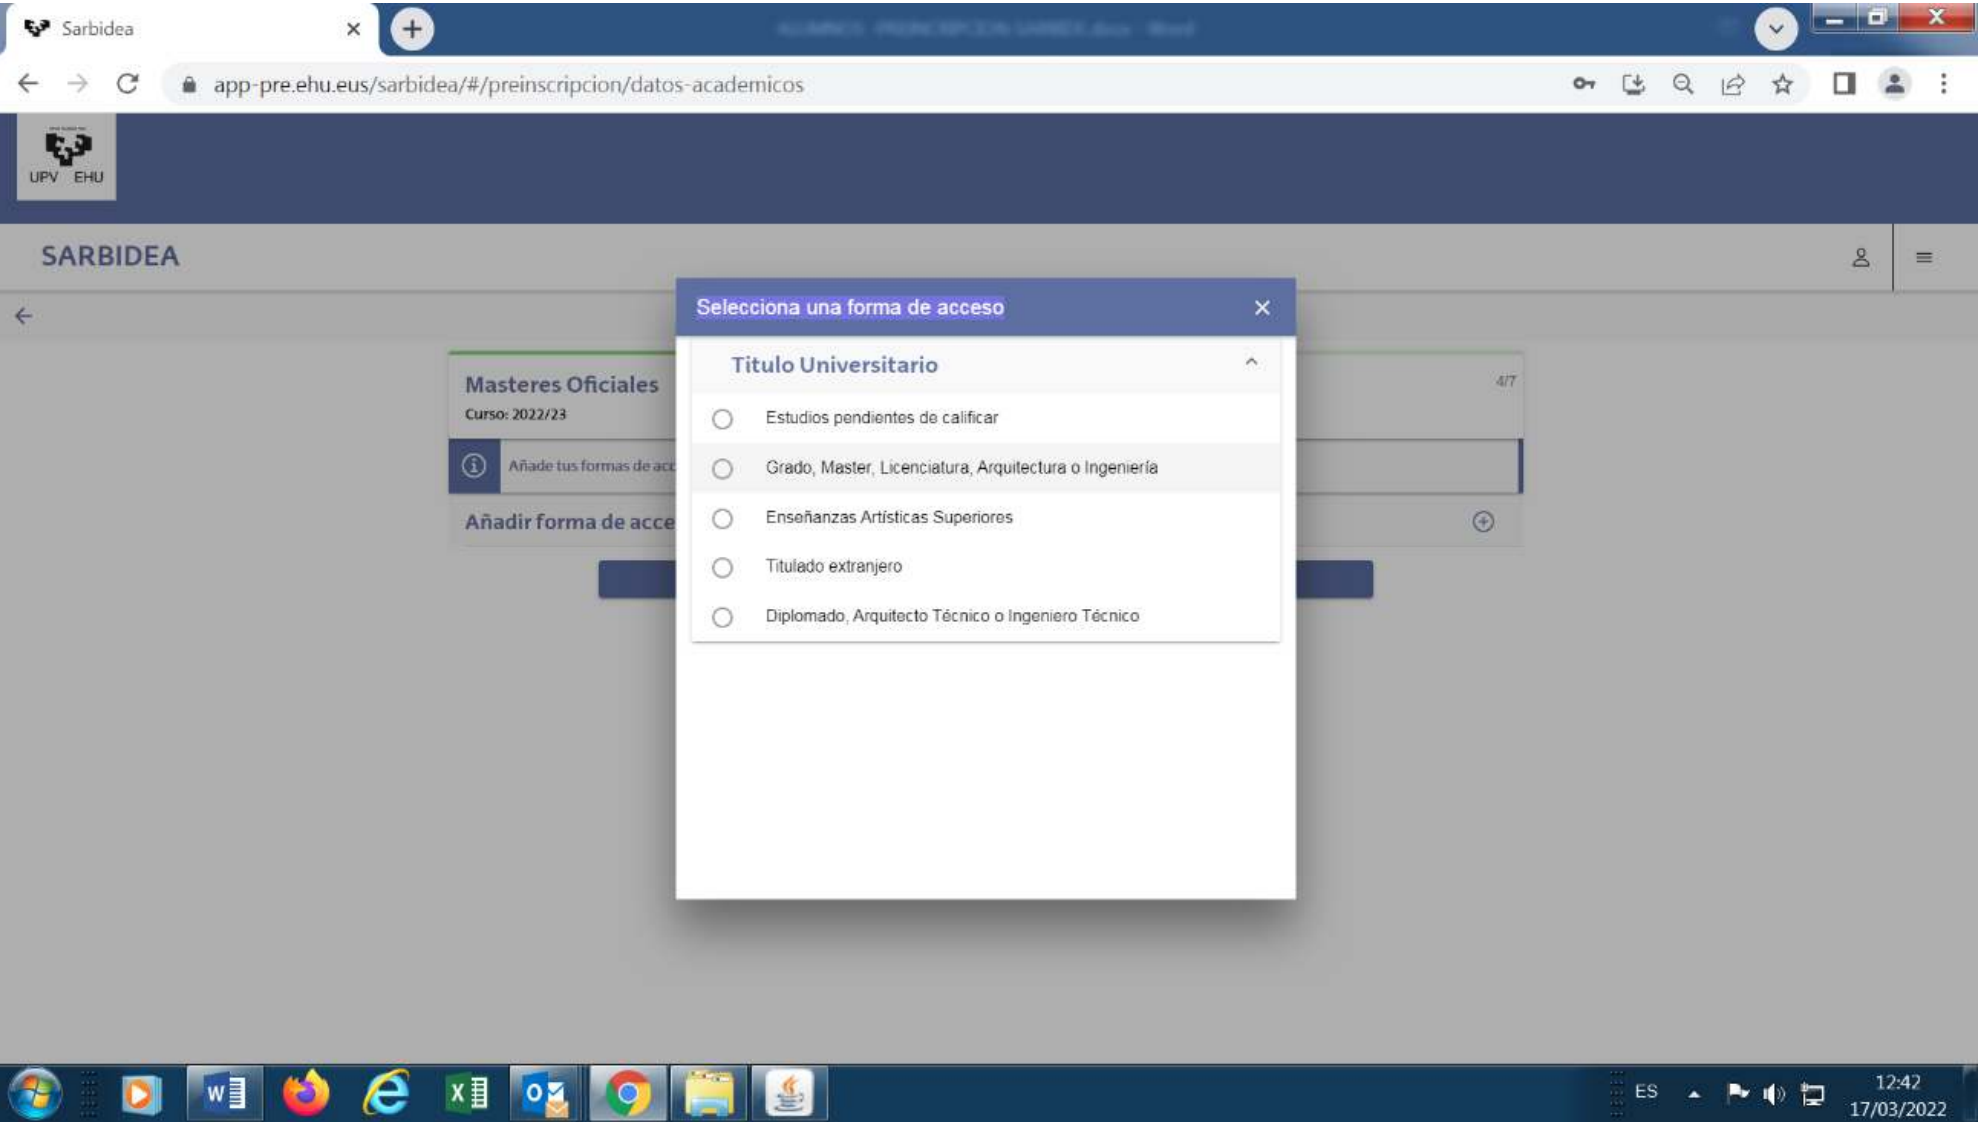
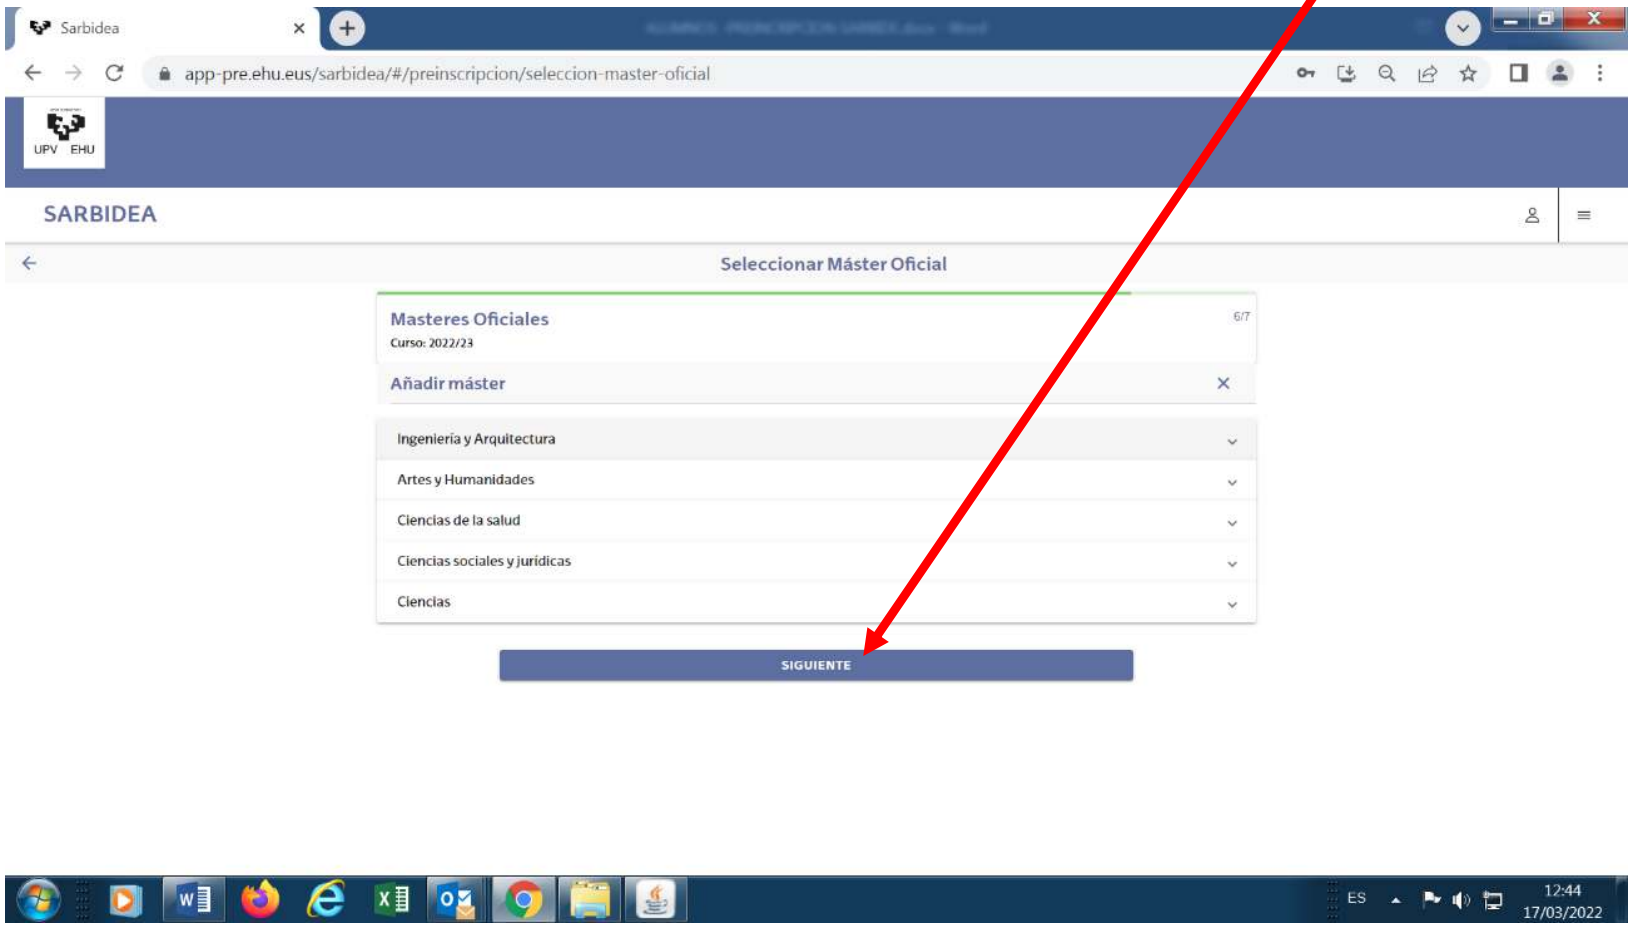
This screen and the following ones are for entering your academic qualifications.



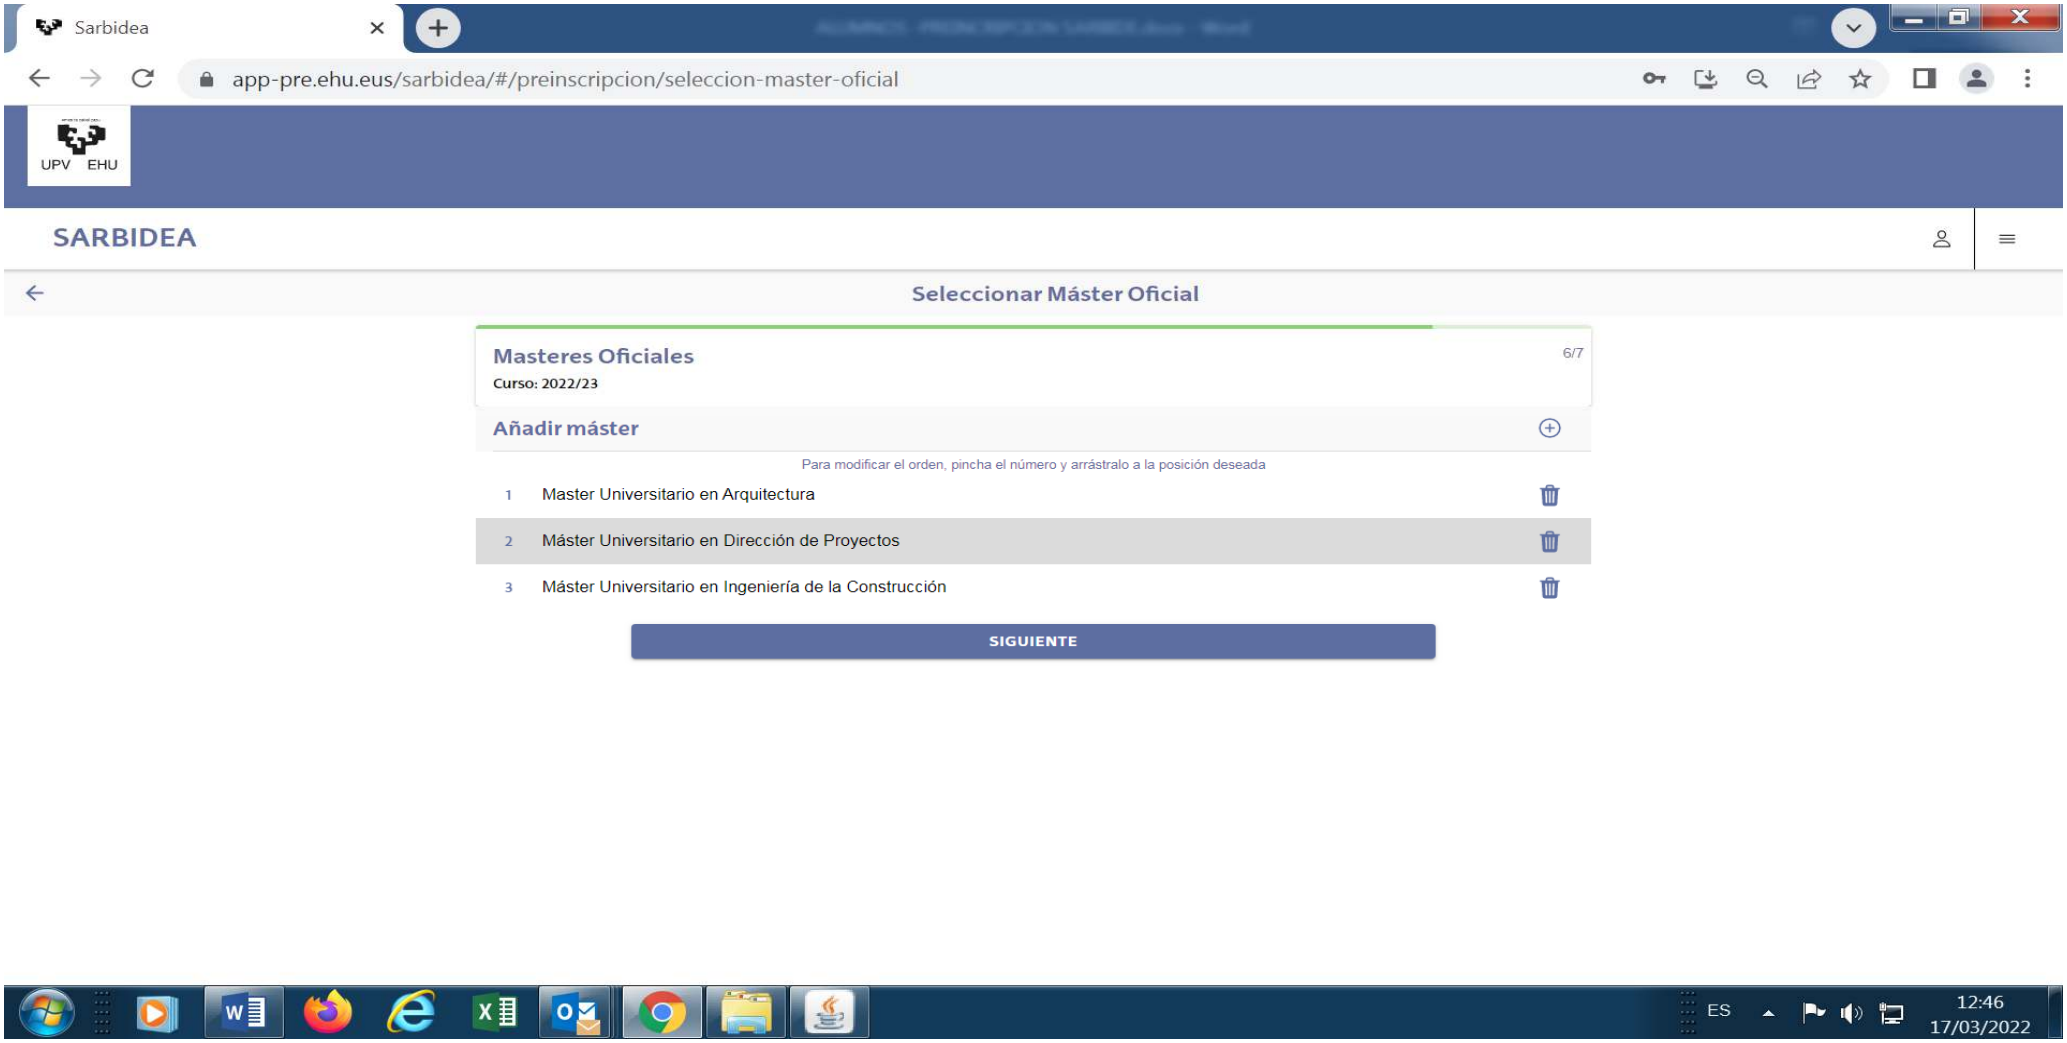
Select the type of qualification that provides access to the Master's degree.



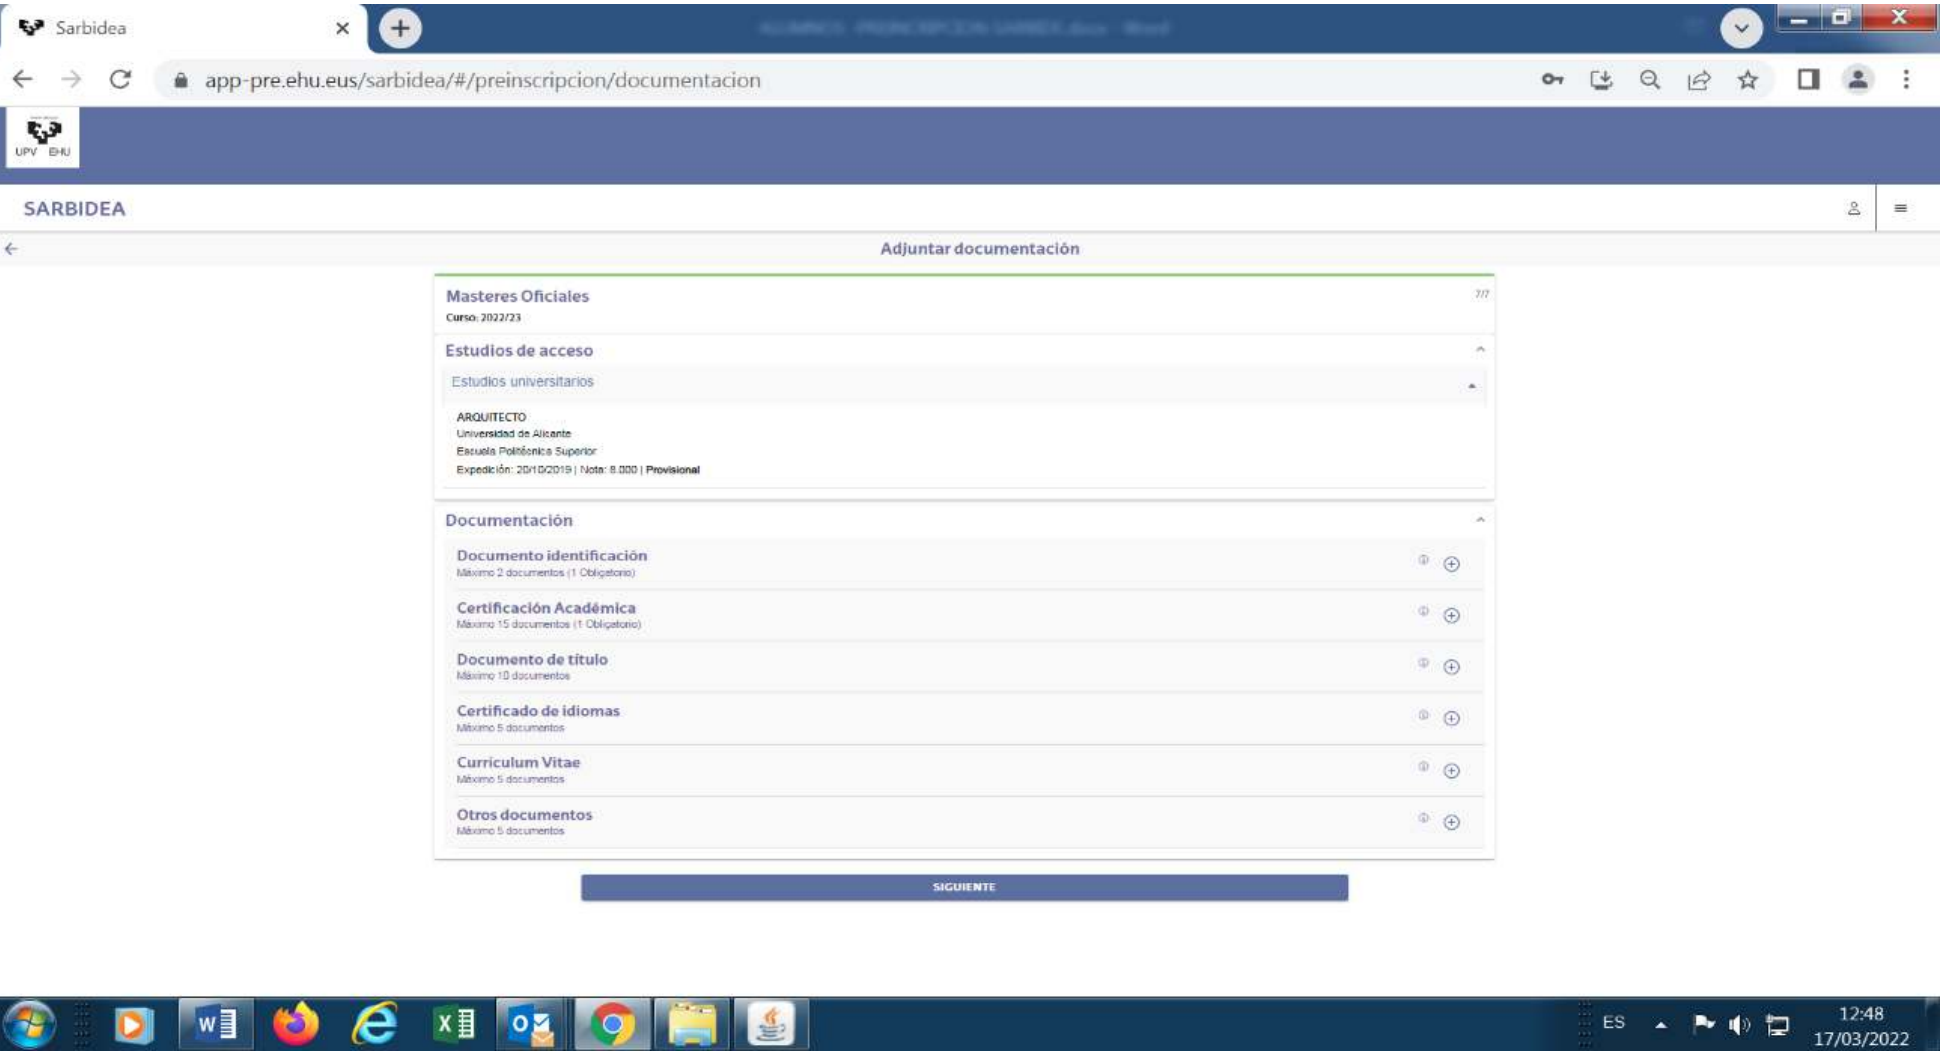
Select the Department running the Master's degree you wish to access and click SIGUIENTE (NEXT).



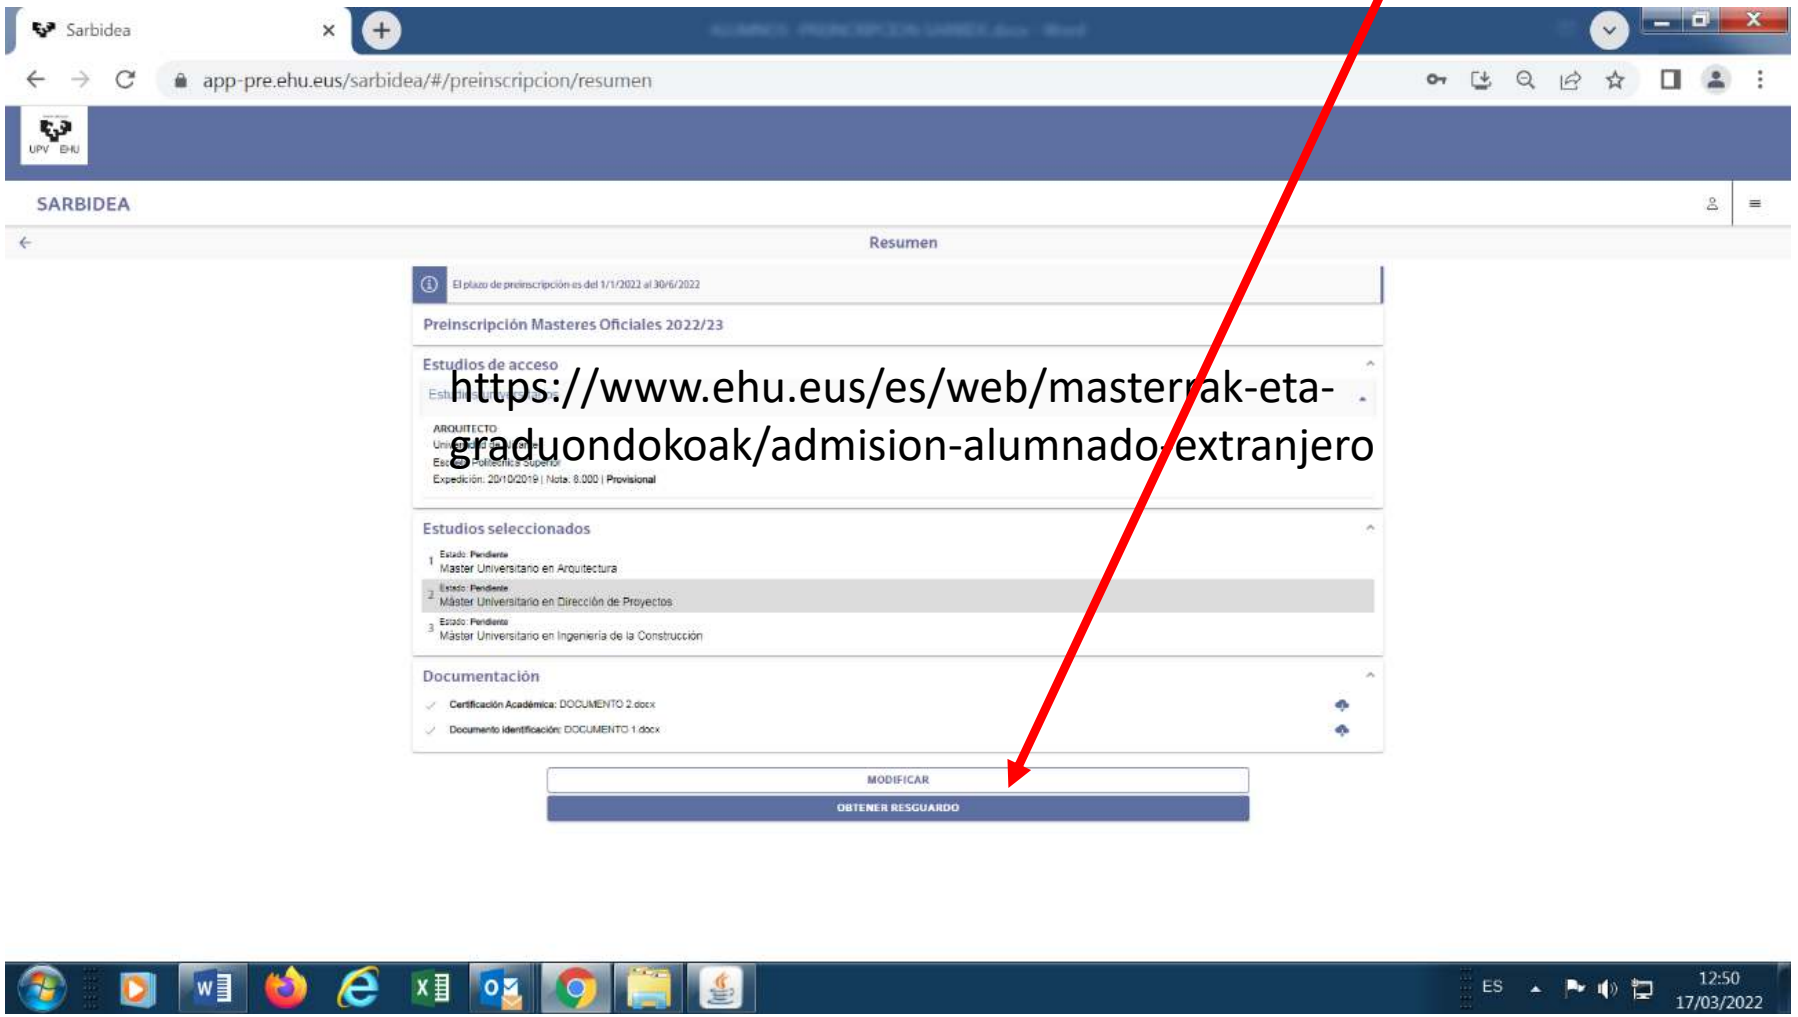
You can select up to 3 different Master's degrees. It is important to place these choices in true order of preference, since you will be offered a place in accordance with the priorities established here.



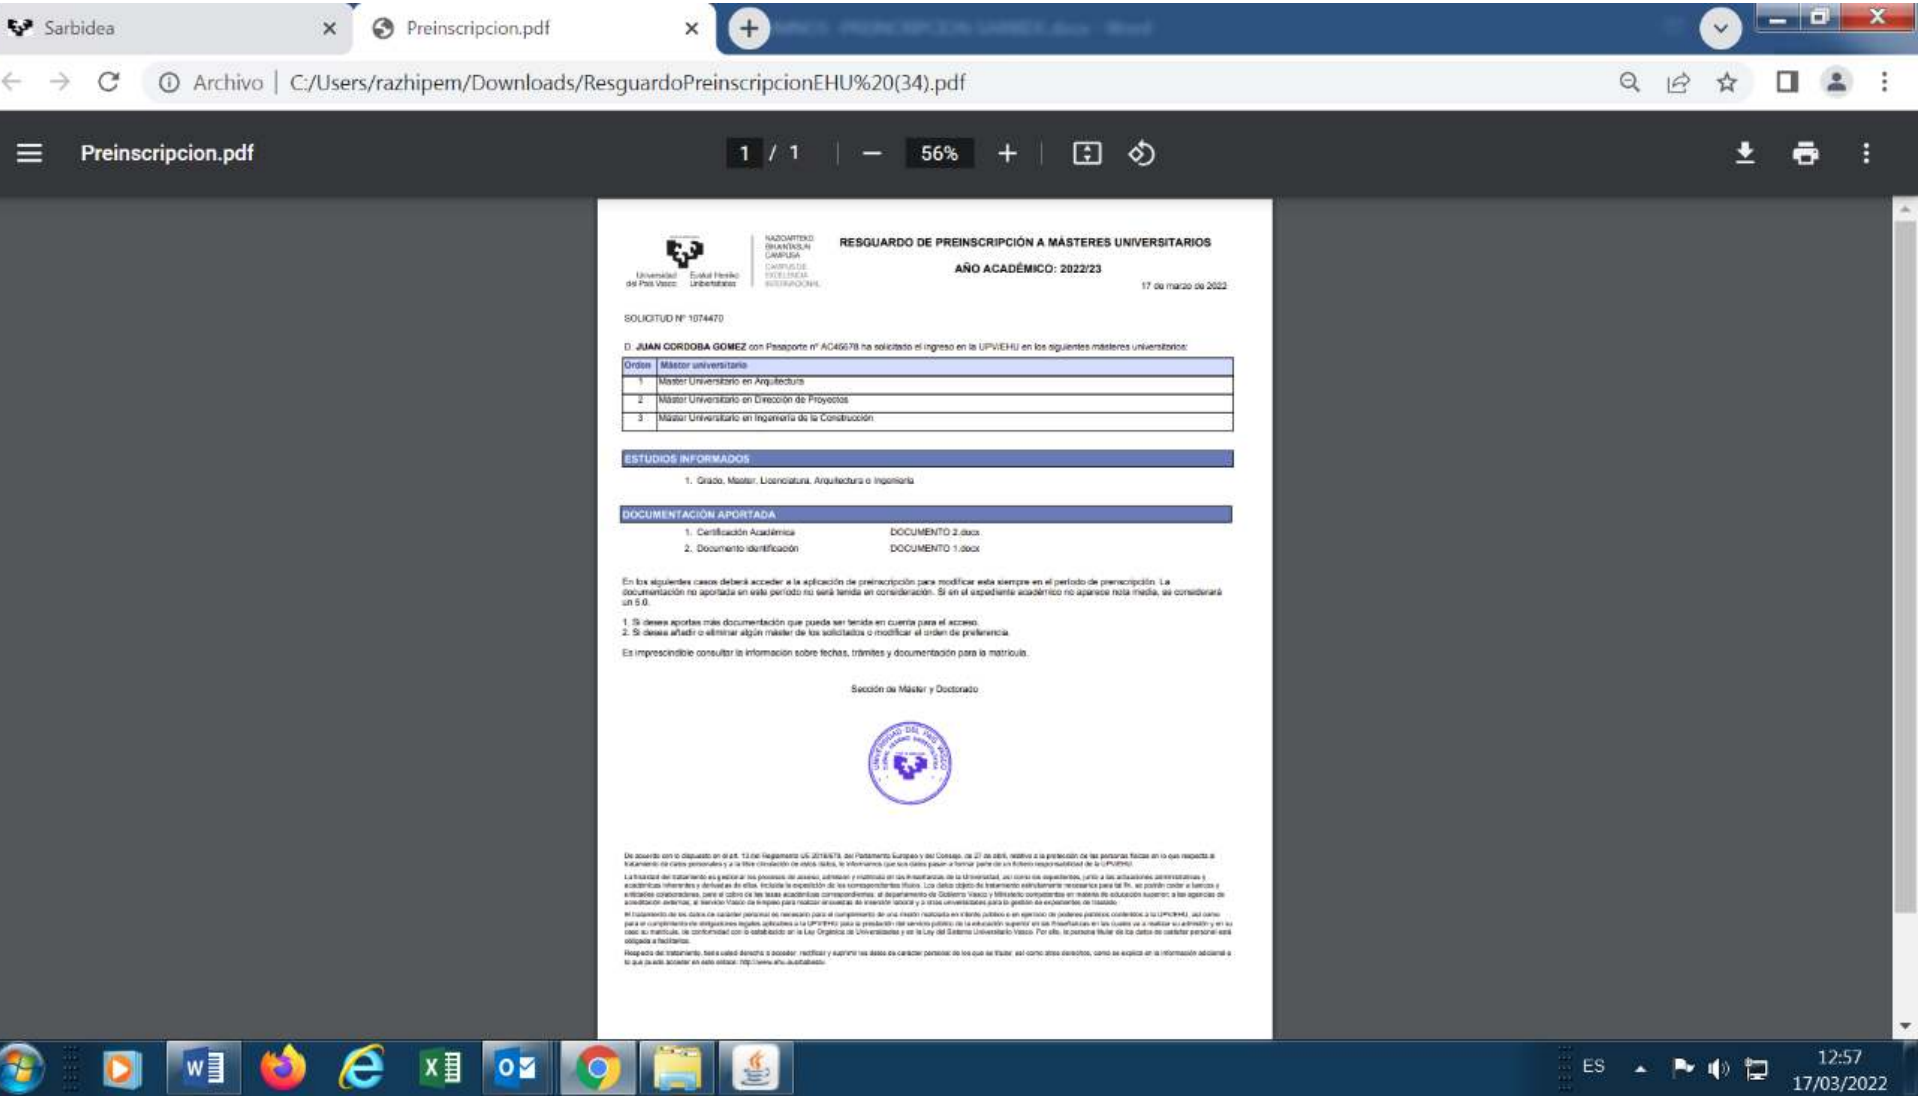
This screen asks you to upload all the required documents. Some are obligatory.
If you have a foreign qualification issued outside the EHEA, you must also provide written authorisation for pursuing Master's studies, or justification of having requested said authorisation. Authorisation can be requested through the following website: https://www.ehu.eus/es/web/masterrak-eta-graduondokoak/admision-alumnado-extranjero.



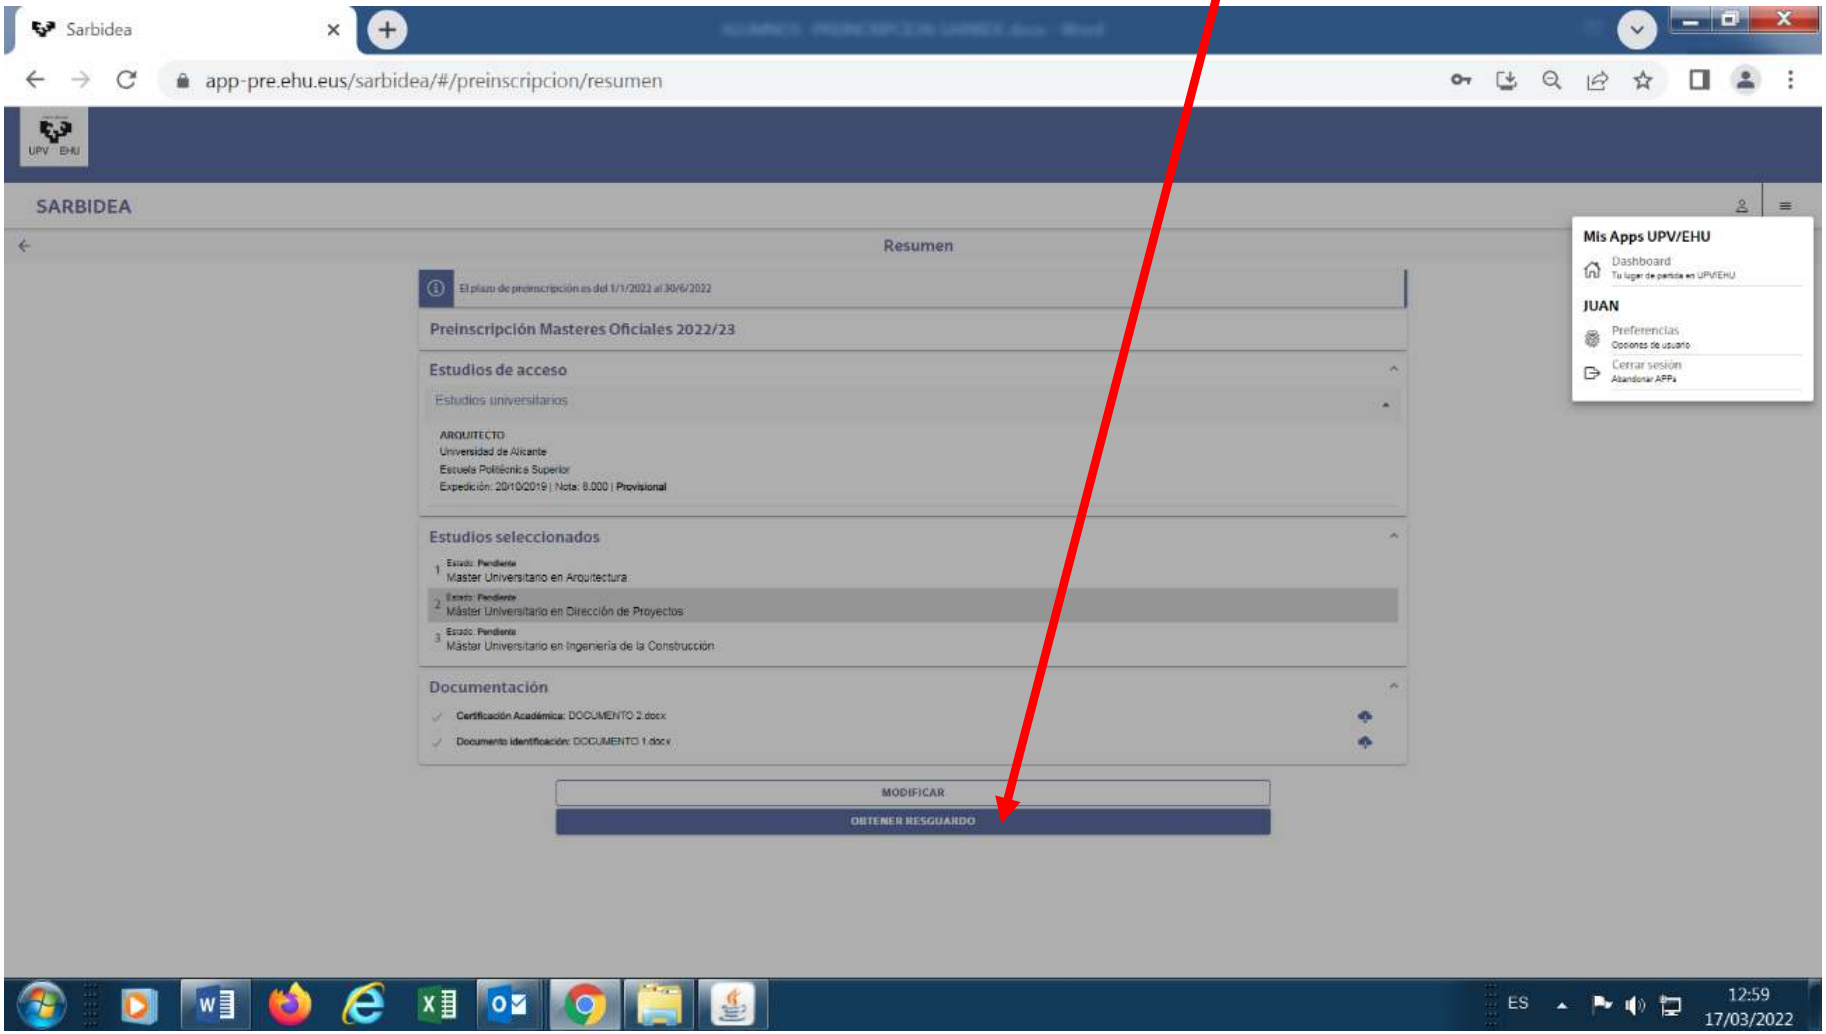
Check that all the information provided is accurate and then click either OBTIENER RESGUARDO to obtain a pre-enrolment slip or MODIFICAR to correct any errors.



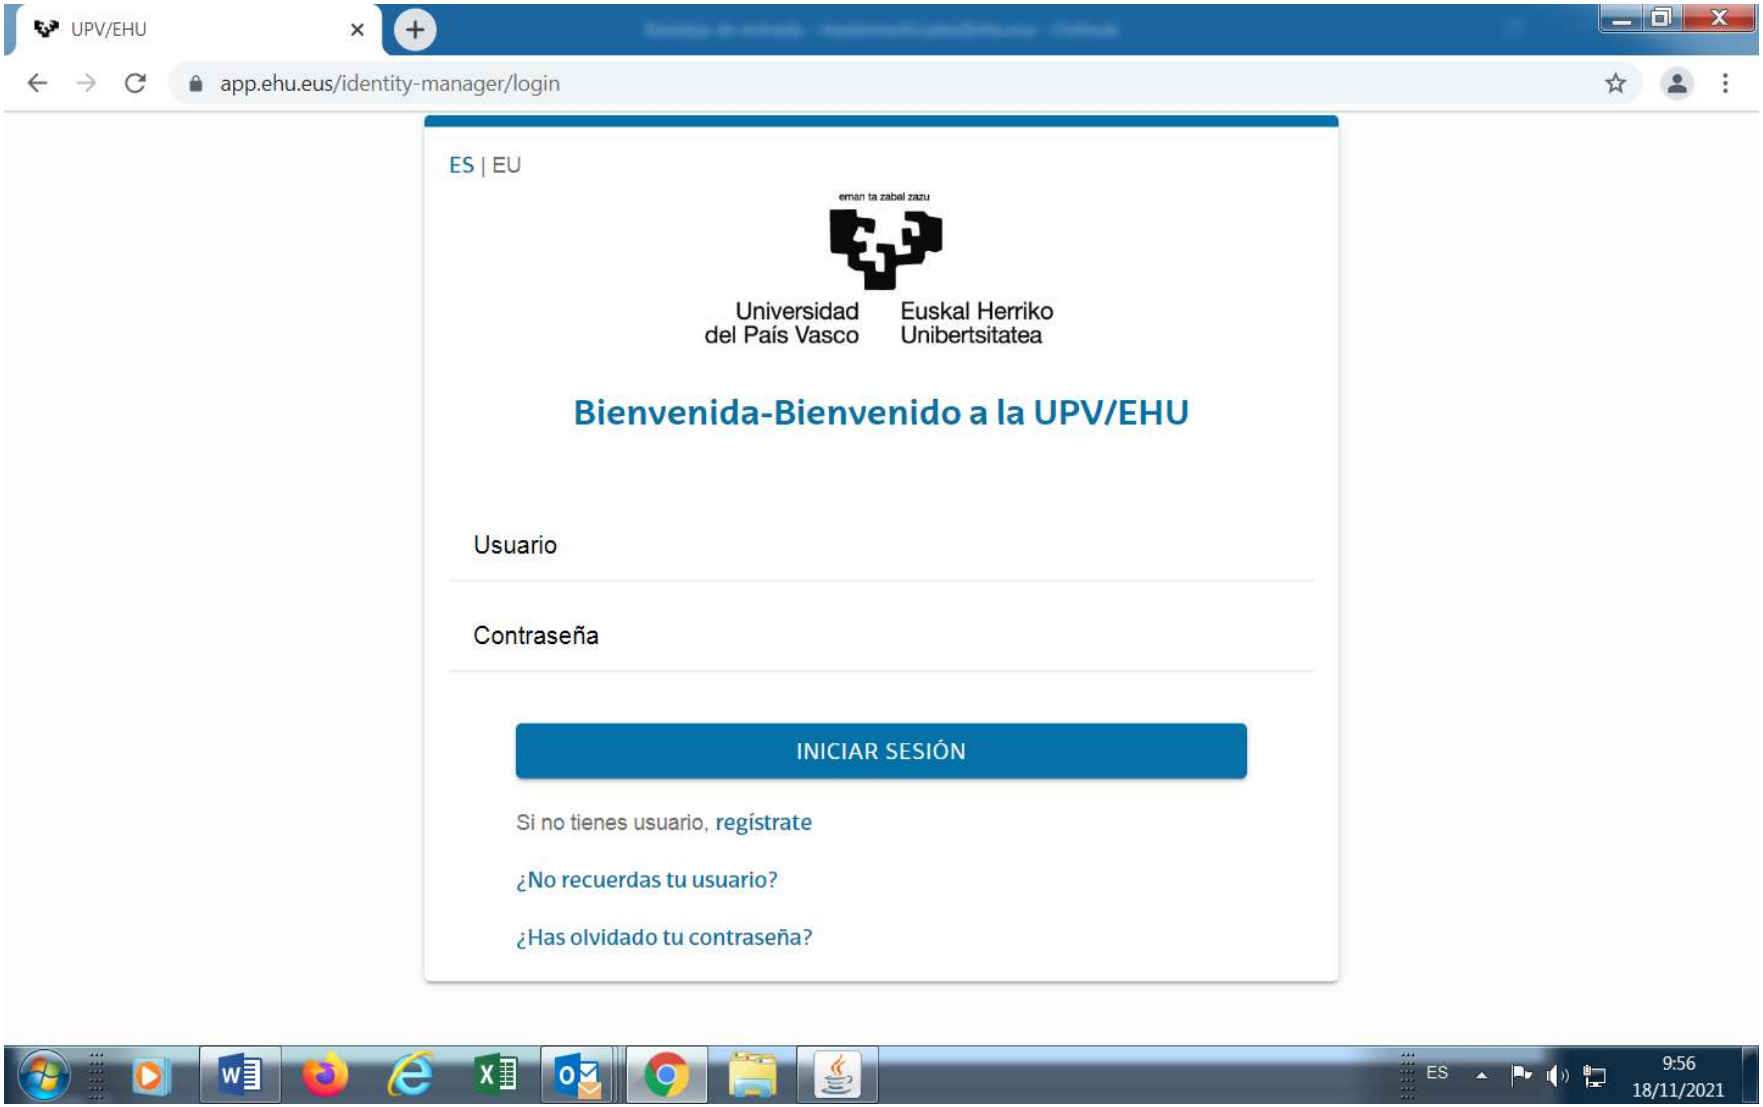
This is the pre-enrolment slip generated.



Once you have finished pre-enrolling, close the session.



If, later on, you need to modify anything, go back to the access screen.



You can modify your application on the next screen by clicking the Preinscripción (Pre-enrolment) button.
