ENERGY

There is a group of students of the UPV/EHU who is very glad to inform you about all the environmental issues of this event

- Waste collection
- Public transport
- Local and/or fair-trade products and markets

ENERGY

¿Would you go up the stairs instead of the elevator?

You do not have to wait, it is healthier and it does not consume energy

Step by step towards the sustainability

WATER

There are **WATER SAVING SYSTEMS** installed in Bizkaia Aretoa (indoors), such as

- ✓ "smart" dual-control toilet flush
- ✓ timed taps

Use the water in a responsible manner and help us preserve this scarce resource

WATER

**Have you walked around Abandoibarra?
The estuary of Bilbao is an excellent illustration
of environmental recovery**

**We encourage you to visit some other
interesting places in Euskadi**

SHOPPING

The products of the catering are fresh & seasonal and they are grown by local farmers

¡Enjoy these NATURAL PRODUCTS!

Moreover, the catering company is a self-employment company formed by women

SHOPPING

Accreditation cards are recycled and recyclable-growable material, with 100% ecological inks certified according to ISO 14001

All the paper has the FSC Certificate of Sustainable Forests

SHOPPING

**All printed materials
are made of 100%
recycled fibers and
they are chlorine-free**

SHOPPING

If you are planning to go shopping in Bilbao

We can inform you about local markets and environmentally conscious shops and/or fair-trade stores

EUSKO JAURLARITZA GOBIERNO VASCO

FACILITIES

There are presence and light sensors installed in Bizkaia Aretoa in order to **ADJUST THE CONSUMPTION TO THE NEEDS** of the moment and the event

FACILITIES

Bizkaia Aretoa has a garden area that compensates part of the CARBON FOOTPRINT of the installations and all the activities that take place there

FACILITIES

The **CONDITIONING/HEATING SYSTEM** of Bizkaia Aretoa is provided with a **RECIRCULATION FUNCTION**

This function saves energy

FACILITIES

Bizkaia Aretoa is extra designed for energy saving and reduction of atmospheric emissions, with
THERMAL INSULATION

EUSKO JAURLARITZA  GOBIERNO VASCO

WASTE

**Do you know what is the best waste?
The one that is not generated**

**For this reason, we do not hand over
paper-based documentation and all the
materials are
RECYCLED and RECYCLABLE**

WASTE

The catering company uses
**TABLEWARE MADE OF
EARTHENWARE, COMPOSTABLE
PLASTIC and GLASS**

so that it can be **REUSED** several times
Consequently, packaging waste
is not generated

WASTE

**There is a WASTE SELECTIVE
COLLECTION SYSTEM in Bizkaia Aretoa**

**Please, place each waste type in
the correct container in order
to facilitate recycling**
