

Comprehensive Insurance for Student Lives Coupled with “Gakkensai” is mandatory for all international students

In the past few years, there have been cases where students were claimed to pay high compensation for bicycle accidents and property damages. On our campus, accidents such as minor collision between cyclists and pedestrians, laptop damages by accidentally pouring water on it, etc. are increasing as well. In these cases, students were claimed extremely high compensation for their faults. In order to protect yourselves from troubles like these while studying on HU campus, it is mandatory for all international students to purchase this insurance. (Individual payment)

※Those who have already purchased “大学生協留学生保険” don’t have to enroll in this insurance.
